

Childcare Resources Annual Report 2014-2015

Creating brighter futures for children through advocacy and education!

19 team members IMPACT 4,631 clients

The **mission** of Childcare Resources is to make quality care and education of children happen by providing information, education and assistance to families, providers of child care and the community.

Our **vision** is that quality child care will be available and affordable to all families who need it.

FAMILIES

Resource and Referral

590 families searched for child care for 743 children

43,076 provider referrals made to families

92% of families used customized listing to search for child care

Financial Assistance

\$113,368 direct child care payments

Families saved approximately 24% of their child care costs

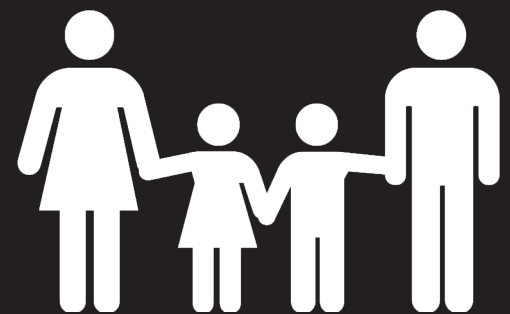

167 families received assistance for 178 children

"Financial assistance was a big factor in ensuring my child has a great start in early learning. I am able to pay my bills on time and in full, provide healthier foods for my family and I'm less stressed."
-Financial Assistance Recipient

Parent Education @ Work

83 parents of 117 children participated in parent learning sessions

96% indicated that they gained a better knowledge of how to access family resources
